**IS HERE**

FEATURED:  
DANIEL BOONE PRIME  
WIFI SMART CONTROL

**12V**

# DIRECT POWER

## **BETTER TEMP CONTROL**

The three principles of great BBQ are temperature, temperature, and temperature. We micro-adjusted the variable-speed fan and auger motors to keep your food at precisely the temperature you set. Get outstanding results every time you grill.

## **GREATER FUEL ECONOMY**

GMG's proprietary algorithms control the fuel and oxygen supply to the firebox. This ensures the lowest possible fuel consumption by dispensing only enough pellets to maintain the set temperature and by burning all of those thoroughly. Less waste means lower pellet costs! Now, you can get up to 40 hours of cook time from a single hopper.

## **FASTER STARTUPS**

We increased the motor rpm's to feed more pellets and more oxygen during startup. This yields significantly quicker times to get to the temperature you want.

# SMARTER GRILLING

WIFI CONTROLLED SINCE 2014

## RECIPES

Access our recipe database from the palm of your hand.

## PROFILES

Use our preset profiles or create your own to set your smoking into autopilot.

## PRECISE TEMPS

Make to-the-degree temperature selections to raise your skill level to sizzle scientist.

## SERVER MODE

Need to run and don't want to ruin your food? No sweat. Use the smarter grilling server mode to access and adjust your grilling temperatures anywhere, anytime.

Stay synced with your smoke from ocean to mountains and back again. Make on-the-go adjustments using WIFI Smart Control technology pioneered by GMG. Become your neighbourhood's grill guru with easy access to our huge recipe and grilling profiles database. Master the meat without leaving your seat!

# WIFI SMART CONTROL

## DANIEL BOONE

DBWF-12V (BLACK) DBWFSS-12V (STAINLESS)

### FEATURES:

- 12V direct power
- Variable speed fan
- WIFI smart control
- Dual meat probes
- 34.3 cm peaked lid
- Venturi-style firebox
- Keep warm mode
- Grill view window
- Pellet view window
- Ashvac system
- USB charging port
- Bottle opener
- Pellet fuel management technology
- External heat shield adjuster for precise mid-cook heat adjustment
- 65°-285°C temperature range with precise increment control
- Stainless steel tool hooks
- Built-in front & bottom shelves
- Reinforced chassis with wide durable legs
- All-terrain green wheels
- Locking caster wheels

### SPECS:

**GRILLING AREA:** 2955 cm<sup>2</sup> | **HOPPER CAPACITY:** 8.2 kgs / 18 lb  
**HEIGHT:** 132.1 cm | **WIDTH:** 132.1 cm | **DEPTH:** 86.4 cm  
**WEIGHT:** 80.3 kgs | **VOLTAGE:** 12V | **WATTAGE:** 100W/16.6W

## JIM BOWIE

JBWF-12V (BLACK) JBWFSS-12V (STAINLESS)

### FEATURES:

- 12V direct power
- Variable speed fan
- WIFI smart control
- Dual meat probes
- 34.3 cm peaked lid
- Venturi-style firebox
- Keep warm mode
- Grill view window
- Pellet view window
- Ashvac system
- USB charging port
- Bottle opener
- Pellet fuel management technology
- External heat shield adjuster for precise mid-cook heat adjustment
- 65°-285°C temperature range with precise increment control
- Stainless steel tool hooks
- Built-in front & bottom shelves
- Reinforced chassis with wide durable legs
- All-terrain green wheels
- Locking caster wheels

### SPECS:

**GRILLING AREA:** 4245 cm<sup>2</sup> | **HOPPER CAPACITY:** 8.2 kgs / 18 lb  
**HEIGHT:** 132.1 cm | **WIDTH:** 160 cm | **DEPTH:** 86.4 cm  
**WEIGHT:** 94.3 kgs | **VOLTAGE:** 12V | **WATTAGE:** 100W/16.6W

# PREMIUM HARDWOOD PELLETS

Pellets from Green Mountain Grills are made from pure, 100% kiln-dried sawdust that is free of contaminants and additives. Our bags of pellets offer excellent value for money. They're larger in diameter than most pellets in the market and are almost 100% dust free.

WE'RE COMMITTED TO MAINTAINING THE  
BEST CUSTOMER SERVICE IN THE INDUSTRY.
