

Radiant Plus Series

Gas Inserts

Introducing the Radiant Plus Series of gas inserts by Lopi. These new gas insert models are available in 2 sizes and are the perfect choice for anyone seeking the traditional Lopi quality and performance at a great price.

The Radiant Plus models are available with the option of a thermostat remote and feature quiet variable speed twin blowers that can be independently operated from the flame and even be switched off completely. Each model features a detailed log-set and crystal clear ceramic glass for increased radiant heat.

2 Sizes Available

Radiant Plus Small

Radiant Plus Large

Radiant Plus Small

The Radiant Plus™ Small is a compact sized unit that fits where most inserts can't, making it the perfect choice for those small masonry fireplaces. This insert is also a great choice for providing warmth to smaller areas of your home. Despite its compact firebox size, this insert still features a beautiful viewing area and fire display.

Viewing Area:	Heating Capacity	Mj Input (NG or LPG)
549mm x 260mm	Up to 80Sqm*	18Mj (high)

Radiant Plus Large

The Radiant Plus™ Large is an excellent choice for heating larger living spaces. This is our most powerful Radiant Plus™ Insert. This model showcases a huge viewing area, the highest heat output, and a realistic, wood burning fire display. The Radiant Plus™ Large insert is a serious heater and makes a beautiful focal point in any room.

Viewing Area:	Heating Capacity	Mj Input (NG or LPG)
705mm x 429mm	Up to 150Sqm*	33Mj (high)

*Heating capacity varies according to the size of closed off area, ceiling height, floor plan, insulation and outside air temperature

Options

- Optional wall mounted GreenSmart® Basic Remote (*upgrade from switch*)
- 3 Face Options (see below)
- Finishing Surround Panels
- Optional Ceramic Brick Fireback (Large Only)

Radiant Plus Features

- Easy to operate GreenSmart® Basic 2 (GSB2)
- High temperature ceramic glass viewing area
- Glass barrier screen
- Compact stylish design
- Quiet Dual 90 CFM Blowers
- Heavy duty steel (16 & 18 gauge) construction offers years and years of dependable service
- All Radiant Plus™ Inserts continue to work if you lose power to your home
- 50% flame and heat turn-down
- The Dancing-Fyre™ burner and Classic Log Set are incredibly realistic and mimic an actual wood burning fire, right down to the flame pattern, highly detailed logs and glowing ember bed
- These inserts feature a direct vent chimney system. All combustion air is drawn from outside your home, and all combustion bi-products are then vented out of your home through a new chimney liner

RADIANT PLUS NATURAL CONVECTION

Our Radiant Plus™ gas inserts have been designed to provide comforting RADIANT heat PLUS the addition of Natural Convection around the firebox for the maximum transfer of warmth into your home.
